DESCRIPTION

This one take, all-vinyl mixtape was created by Damu The Fudgemunk in 2014 for the legendary (but now defunct) Ego Trip Magazine's "Top 10 Sample Flips" feature, in which he highlighted and analyzed his favorite sample flips ... 10 wasn't enough so he highlighted his favorite 20. Consider this the soundtrack / companion piece to the written article. The mix consists of classic rap songs mixed along with the original samples that were used to construct the beats.

Damu says: "This is music that I cherish and enjoy. I take pride in having these records in my collection. Please do your research and dig deeper into the catalogs of each artists to keep their music alive. Much respect to the talent and efforts of all the people who were a part of these songs. Thank you for listening."
