DESCRIPTION

LE\$ and DJ Mr. Rogers dropped one of the hottest and most slept on tapes of the year so far back in May with Midnight Club. The 10 track tape has just one feature, Domo Genesis, the rest of the tape showcases LE\$'s lyrical ability and smooth flow, which sit perfectly over the beats. 45 South see LE\$ add his spin to Childish Gambino's massive hit Red Bone. One of the chilliest tapes to listen to this summer!

Omerta Inc. will be bringing LE\$ to the vinyl format for the first time ever. Pressed on 180gm hot pink vinyl, housed in a high quality matte sleeve with original artwork - One of the smoothest front covers of the year!
