DESCRIPTION

All My Mistakes Recorded is the debut release by Sigmund Washington, a multi instrumentalist and saxophone player. It's a blend of genre bending lo-fi arrangements unlike anything you've ever heard. The album was recorded over a decade ago on a 4 track cassette recorder. AMMR is a voyage not unlike one you might experience with a modern day Sun Ra at the helm.

From the constant demand by fans of this work, we're reissuing a limited edition version of this release for Cassette Store Day.
