DESCRIPTION

The modern funk connoisseurs Voyage Funktastique are back with the second release from their blooming label. This time they are dropping a boogie gem from Toronto's The Kount on a scorching 7" that will have DJs flipping both sides. Bungalow's slowburning groove and bumping bassline is the perfect track to get the dancefloor warmed up while Shakedown is dripping with The Kount's signature polyrhythmic molasses. Falcxne's smooth vocals and G-Funk influences make for a killer 2 sider that is sure to sell out just as quickly as VF's first 45! Another essential crate filler brought to you by these funktastical ambassadors.
