DESCRIPTION

Da Buze Bruvaz have created a modern Blaxploitation epic in hip-hop form. Known for their raw and unapologetic over the top lyrics, they have built a strong cult following. They now present *Ni&\$@tivity*, their official follow up to 2017's *Adebese Hat* LP. This project is even more over the top and sounds like Richard Pryor having a hardcore battle with Redd Foxx. The Philadelphia duo have taken it up a degree and should offend pretty much any and everyone fairly. Aside from rhymes they are also longtime members of the legendary NY posse the LoLifes, founded by Thirstin Howl 3rd and are heavily regarded in that movement.
