DESCRIPTION

All Praises Due is a collaborative project from veteran MC – Torae and producer Praise. The duo teamed up to create the seven song EP which highlights the best of their combined talents. True fans know this has been long in the works and was even teased on “Shoutro” from Torae’s 2016 album *Entitled*. Torae has been busy since 2016 filming six commercials, a movie and a television series with VH1. In that time he also joined Diddy’s Revolt television network and hosted the revamped “Freestyle Friday” with BET. All without missing a beat on his nationally syndicated radio show “The Tor Guide” six days a week. Praise has also been grinding, racking up production credits with artists like Pharoahe Monch, BJ the Chicago Kid, Joyner Lucas and more. You can even hear his hard hitting drums and infectious bass lines on recent EA Sports – “NBA Live” video games.
