KEY SELLING POINTS

- A compilation of some favorite Italian DJ's and producers including Tiger & Woods, Lele Sachi, DJ Rocca and more

DESCRIPTION

Soul Clap Record's is proud to present Italo Funk, a compilation of our favorite Italian DJs and producers. These artists were primarily born out of the underground scene of the 90's, who's sound doesn't necessarily fit into any conventional genres, but has been directly influenced over the years through their shared love for avant-garde shades of Italo house, and by traveling around the world, in search of more daring sides of electronic boogie.
