DESCRIPTION

Hailing from hip-hop’s birthplace, The Bronx, NY, The Legion are back to solidify their already-storied legacy. Molecules, Dice Man and Chucky Smash once again combine forces to deliver their BX slick talk over Cules’ gritty tracks. They enlist the help of fellow artist Dres (Black Sheep) as well as Sadat X (Brand Nubian) and embark on a journey to further uphold the sound that the BX made popular some 40 something years ago. Traditional sounds with beats and cuts included.
